-----  
INFORMATION TECHNOLOGY, ELECTRONICS & COMMUNICATION (Admin)  
DEPARTMENT

G.O.MS.No. 22

Dated: 09-10-2016

Read the following:

1. GO.Rt.N.254 of GA(GPM&AR) Dept, dated:17-08-2016
2. U.O.Note 726/2016 of GA(cabinet) Department dtd:30-9-2016

\*\*\*

With the onset of new technology, real time data collection has become a reality. Data which was earlier collected in textual manner, is now being collected in visual mode. The introduction of CC cameras and drone has enabled visual data collection. Drones and CC cameras were successfully used during Krishna Pushkaralu 2016 for not only data collection but monitoring of response by Government officials. In few countries drones are being used for varied purpose such as agricultural operations, security, tourism etc.

2. Similar technologies like Robotics, augmented reality & virtual reality will affect life and business in the near future. Their usage presently is minimal, but it is envisaged that their usage will increase exponentially by 2020. With the advent of visualitics and facial data recognition, they can become crucial inputs for Governmental action. All the above technology with its hardware and software component is an integral part of 'Industrial Revolution 4.0'.

3. Government vide G.O first read above, issued orders establishing Command Control Center and further appointed an administrative head. To adopt the above technologies and to be the first State to take advantage, it is essential to create a suitable administrative machinery to enable quick decision making.

P.T.O

4. In view of the above, Government of Andhra Pradesh after careful examination, hereby constitute a committee called as 'Real Time Governance Committee (RTGC), with the following composition :

1	The Administrative head of Command and Control Center	Chairman
2	The Secretary to Government, Finance Department	Member
3	The Secretary to Government, ITEC Department	Member
4	The Director General of Police	Member
5	The Managing Director, APSFL	Member

5. The power and functions of the Real Time Governance Committee (RTGC) will be as follows:

- The Committee will take decisions for procurement of CC Cameras, Drones, Biometrics, Projectors, Augmented reality & Virtual reality technologies, Machine learning technologies and any other latest technologies (both hardware and compatible software).
- For doing the same, the Committee can entrust the work to any Government agency to do the actual procurement process.
- The Committee will also issue guidelines for usage of such technologies for Government and Private Purposes.
- The Committee is competent to suggest business model in the adoption of technology
- The Committee is empowered to bring major policy issues to the council of ministers.

6. A corpus fund of Rs.50 crores will be given to AP State Fiber Net Limited, to be used as per the directions of RTGC.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
